Subject: Notice of File Closure for Small Mining Project, Interstate Rock Quarries, Inc., Greenpeak/Dove Creek Mill Project, S/003/062, Box Elder County, Utah

Dear Mr. Pauletto:

This letter is to notify you that the Division file, S/003/062, for the Greenpeak/Dove Creek Mill project, located in Box Elder County, Utah, will now be closed.

A site inspection performed on August 31, 2004, determined that "milling" is not taking place at this site as originally proposed, but that the site is only being used as a loading area; therefore, a mining permit is not required. If, in the future, milling activity such as cutting and/or splitting stone becomes necessary, a mining permit would be required before such activity takes place.

You are hereby officially released by the Division from this small mining permit. You are not required to pay the \$150.00 permit fee as recently requested. If mining activity at this site becomes necessary, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, submit adequate reclamation surety, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Lynn Kanzler  
Senior Reclamation Biologist
